Agenda	Action
1. Welcome & Apologies	
Apologies as above.	
2. Minutes of the last AGM 10 November 2017	
No comment.	
3. Chair's Report	
The Chair stated that great progress had been made this year and the LEP is reaching	
forward with plans for a Local Industrial Strategy to deliver the productivity boost that	
the HotSW LEP area needs. This will build upon the robust evidence base and the	
Productivity Strategy created with the LEP's partners in the Joint Committee.	
Following a nationwide LEP review, the role of LEPs in general have been	
strengthened by Government this year.	
Much of what has been achieved has resulted from the strong partnerships the LEP	
has created through the public and private sectors working together which has clearly	
impressed decision makers in Westminster and Whitehall and why the LEP has been	
awarded many new "designations" this year, based on past performance and potential.	
A key coup was being named as one of the six areas in the second wave of	
the Local Industrial Strategies, which will help the LEP get the investment and	
strategic support needed to generate transformational high value growth.	
The LEP's achievements are set out in the Annual Report which is on the LEP's	
website, published together with the progress report.	
4. Adoption of Accounts	
These were ratified by the Board. NB: All monies flow via Devon/Somerset County Councils.	
5. AOB	
None	
6. Thanks, closed at 4.50pm
