## Considerations for restarting your business safely

(Version 1)

**Better Business for All**

*A local partnership between Businesses and  
Regulatory Services to promote growth*

The Better Business for All (BBfA) partnership has used their knowledge and expertise to bring together resources from trusted organisations to help guide you through the main considerations for restarting your business safely. This Covid-19 Toolkit provides useful documents such as a risk assessment template and action plan, business checklists and useful guides to help you.

In addition to considerations suggested in this Toolkit, please ensure you also keep up to date with current Government guidelines relevant to the control of COVID-19.

### **Your first question should be can I open?**

Check if you are on the list of premises that can open- [Click Here](#)

### **Prior to re-opening:**

If you cannot open yet, you should still start considering the risks and controls required to be in place once you are allowed to open.

Conduct a risk assessment specific to your business and complete the 'COVID secure' checklist (If you have 50 or more employees this should also be published on your website).

This **Better Business for All (BBfA) COVID-19 Tool Kit** will help guide you to restarting your business safely.

This toolkit has been collated from current government guidance by staff across the [BBFA partnership](#). Sources include, [CIEH](#), [Food Innovation Wales, gov.uk](#), [Food Standards Agency](#) . The aim is that businesses will find the template checklists, action plan, and documents of practical use when re-opening.

**NOTE: The checklists contain examples of relevant controls based on current guidance. Although these should help give you some direction you should amend and add controls that are relevant to your specific business having completed your risk assessment.**
