The Heart of the South West LEP - An Introduction

Local Enterprise Partnerships are voluntary partnerships between local authorities and businesses, set up across England in 2011. LEPs are business led and bring together the private and public sectors with education and other local stakeholders to provide strategic leadership to improve the prosperity, productivity and economic growth in a place. LEPs collaborate effectively across sub-national geographies, and on national themes like energy, skills, and space. They have two core functions

- a. To attract investment into the area to drive and support economic growth: Heart of the South West (HotSW) LEP has secured £260m of Growth Deal funding and more recently £35.4m Getting Building funding to do this and our total portfolio of activities now encompasses around £790m of investment. Details of the HotSW investment portfolio can be found [here](#)
- b. To influence and shape policy to drive and support economic growth: LEPs are part of Government's 'eyes and ears' on the ground, using real time intelligence about their economies to shape policy; in recent times this has included assessing the impact of EU-exit and the Covid-19 pandemic. LEPs are more than a convening body making strategic investment decisions. They have a critical influencing role which brings significant benefit, but much of this vitally important work goes on behind the scenes. Some of the best examples are included in the LEP Factor projects highlighted on the LEP Network's website <https://www.lepnetwork.net/about-leps/the-38-leps/>

The Heart of the South West LEP covers the administrative areas of Devon, Plymouth Somerset & Torbay, an area with a population of c.1.8m and 72,000 businesses. Further information about the LEP can be found on our website at www.heartofswlep.co.uk, including key strategic documents and information on our various programmes and current membership of our Board.

A Joint Committee has been set up across the area's Local Authorities and National Parks to work alongside the LEP and together the two have developed a Local Industrial Strategy to drive transformational growth and address the area's long-standing productivity challenges and key opportunities of the future. Alongside this the LEP is developing an ambitious response to the Covid-19 pandemic setting out how the area can Build Back Better [\(link to be added\)](#).

The Heart of the South West LEP (HotSW) became a CIC in 2014 and the partnership's board members became directors of the company; the LEP's target operating model can be viewed at <https://heartofswlep.co.uk/about-the-lep/how-we-are-organised/>

Our Mission: Raising Productivity and Ensuring Prosperity for All

This is a fantastic opportunity to join the Heart of the South West Local Enterprise Partnership as a Director of the CIC and help shape and actively contribute to the next phase of our development. These positions offer a unique, challenging and rewarding opportunity for experienced business or social economy leaders to join the Board and help the Heart of the South West economy.

The Role of a Board Member

Purpose

The Board comprises of prominent leaders from the public and private sectors and from the local academic community and must consist of at least two thirds private sector representation. The Board acts with strategic vision and provides a unique, challenging and rewarding opportunity for experienced business leaders to help drive forward the economic prosperity of the HotSW region. The list of present Board Members can be found on our website at: <https://heartofswlep.co.uk/about-the-lep/our-board/>. The LEP has established a strong reputation with Government and is seeking Board members to develop and drive a programme of transformational growth for the area. We are currently looking to recruit 4 private sector directors.

LEP Board private sector directors fulfil the function of Independent directors as defined by the Code of Corporate Governance. Attached is a LEP Board paper where this was set out in more detail. Fundamentally Independent directors are selected for the potential to provide independent review and challenge of the LEP's strategy and operation.

7. Board

Effectiveness Review.]

Alongside the Independent directors, local authority Leaders act as Stakeholder directors on the board representing their nominating body whilst still making decisions in the interests of the LEP overall.

Role and Responsibilities

We are seeking directors who want to actively contribute their expertise to our mission. This is not just a governance function, we look for non-executive directors to play very active roles. In particular the Board is seeking private sector members who can add to the LEP through one or more of the following:

- Understanding the transformational opportunities for the area especially around clean growth, digital utilisation and digital connectivity
- Articulating the needs of the area's SMEs and business owners, and especially research-intensive businesses
- Ensuring inclusive growth is central to everything the LEP and wider partnership do
- Driving productivity growth in the bedrock sectors such as construction, farming, food, fishing, tourism and hospitality
- Support succession planning through members who have expertise which could be drawn on by the Board's key sub-committees
 - the Strategic Investment Panel overseeing project investment
 - Finance & Resources committee overseeing operational expenditure
 - the four Leadership Groups of Business, Innovation, Place and Skills Advisory Panel

This list is not exclusive – the opportunities for individual directors will evolve as our economy develops. Ideally, we will have a mix of directors with different geographic bases across our area as well as different areas of expertise.

Some key common elements of this role are to:

- Promote the interests of the HotSW LEP through a positive and active contribution to the local economy.
- Participate actively in the needs of the region by championing the work of the HotSW LEP to drive investment and secure funding, profile and position on the national stage.
- Communicate with all key stakeholders actively and raise the profile of the Partnership to assist in delivering the vision of the HotSW LEP.
- Actively engage in relevant Leadership Groups, and lead any appropriate Task and Finish groups on behalf of the Board.

Please Note:

Board Members must declare any involvement with any of the delivery partners or roles or interests with beneficiaries and operate in accordance with the Nolan Principals of public life and the company's Articles of Association. This will involve taking no part in any decision votes where an interest exists. The adoption of the Nolan Principals ensures full openness and integrity in the way the Board sets its priorities.

Director positions are un-remunerated; reasonable travel expenses in undertaking the role will be reimbursed.

Guiding Principles for Members of Local Enterprise Partnership Boards

Published by the LEP Network

Updated by HotSW autumn 2020

Context

Local Enterprise Partnerships (LEPs) prioritise policies and actions based on clear economic evidence and intelligence from businesses and local communities. Their interventions are designed to improve productivity across the local economy to benefit people and communities with the aim of creating more inclusive economies.

To do this effectively, LEPs must have robust governance arrangements that provide the operational independence to take tough decisions and hold local partners to account for delivery. This also requires LEPs to have the organisational capacity and capability to fulfil their roles and responsibilities, including their mission of developing Local Industrial Strategies.

Strengthened Local Enterprise Partnerships, published in July 2018, brought forward several reforms to support this objective including a commitment to develop an induction and training programme. This programme builds on previous work that the Department has undertaken to strengthen LEP governance and transparency and responds to recommendations made by the Public Accounts Committee as part of its review of transparency and decision making by Greater Cambridge Greater Peterborough Local Enterprise Partnership. It should be considered in the context of the revised National Local Growth Assurance Framework, published in January 2019, which replaced the LEP National Assurance Framework, published in 2016.

Purpose

This document, developed by Government in partnership with the LEP Network, is designed to provide knowledge-based guidance for LEP chairs and board members. It forms the basis of a training and induction offer that will be coordinated by the LEP Network.

The LEP Network working with LEPs will develop best-practice guidance for LEP Chief Executives (or equivalent).

The document begins by capturing the behaviours and personal attributes which, alongside the commitment of time and energy to the role, underpin effective governance. Where the Nolan principles advocate invaluable behaviours, this document focuses on the knowledge required for effective governance in LEPs.

Effective governance provides strategic direction and control to LEPs, and creates robust accountability, oversight and assurance for their performance. The guidance has been designed along the key themes of *Governance*, *Strategy* and *Delivery*. This structure aligns to the Annual Performance Review process which assesses LEP performance against these key LEP functions.

Principles and personal attributes for board members

The principles and personal attributes that individuals bring to the board are as important as their skills and knowledge. These qualities enable board members to use their skills, knowledge and expertise to function well as part of a team and make an active contribution to effective governance.

All those elected or appointed to boards should fulfil their duties in line with the seven principles of public life, the **Nolan principles** set out below.

1. Selflessness:

Holders of public office should act solely in terms of the public interest.

2. Integrity:

Holders of public office must avoid placing themselves under any obligation to people or organisations that might try inappropriately to influence them in their work. They should not act or take decisions to gain financial or other material benefits for themselves, their family, or their friends. They must declare and resolve any interests and relationships.

3. Objectivity:

Holders of public office must act and take decisions impartially, fairly and on merit, using the best evidence and without discrimination or bias.

4. Accountability:

Holders of public office are accountable to the public for their decisions and actions and must submit themselves to the scrutiny necessary to ensure this.

5. Openness:

Holders of public office should act and take decisions in an open and transparent manner. Information should not be withheld from the public unless there are clear and lawful reasons for so doing.

6. Honesty:

Holders of public office should be truthful.

7. Leadership:

Holders of public office should exhibit these principles in their own behaviour. They should actively promote and robustly support the principles and be willing to challenge poor behaviour wherever it occurs.

They should also be mindful of their responsibilities under equality legislation, recognising and encouraging diversity and inclusion.

As legal entities they are required to follow relevant legislation and governance arrangements which align to the model they adopt.

the role, responsibilities and accountabilities of the board.

the differing roles and responsibilities of the chair, the S151 officer and the chief executive (or equivalent) and how this relates to the overall governance of the LEP.

the LEPs governance structure, including how governance functions are organised and delegated.
